

DIY Fleece Hat

- PATTERN -

* Measurements for hat height & width. Adjust to fit you & yours!

Measure head:	your head	infant	toddler	child	teen	adult F	adult M
Height	16	15	15	16	16	16	16
Width		16	18	20	22	23	24

1. Purchase $\frac{1}{2}$ yard stretchy fleece (makes 2 hats).
2. Measure your head circumference and add one inch - write above.
3. Cut fleece to the measurement from the above chart.
4. Fold fleece "hamburger fold" - height remains the same (right sides together).
5. Cut fringe along top of fleece - $2\frac{1}{2}$ " deep and about $\frac{1}{2}$ " wide.
6. Hand sew (running stitch) or machine sew (zig-zag stitch) the edge of the fleece opposite of the folded edge with $\frac{1}{2}$ " seam.

7. Cut a piece of fleece about $\frac{3}{4}$ " wide and 8" long.
8. Turn hat inside out so seam is on the inside of the tube.
9. Gather the fringed edge in your hand.
10. Tie the long piece of fleece around the hat right below fringe. Make a tight knot.
11. Roll the bottom edge of hat up. Try on & adjust the fold to fit.
SO CUTE!!
